>Record Vacating Felony

Welcome to Washington State Affordable Law, a division of Robert Cossey and Associates that provides the option for you to handle common legal matters yourself, at a price you can afford, while still having the expertise of an attorney to guide you.

This alternative is not for everyone because you will have limited access to an attorney. But if you already know what you need, are good at filling out forms and willing to roll up your sleeves to save some money, this could be the right option for you.

We provide the forms and the legal know-how and you fill out the forms with the necessary information. If you have issues with completing the process yourself and want full legal representation we can also assist you in that regard for a reasonable price.
